**Hulcher Services Inc.** has been the name to trust for industrial and railroad contractor support since 1963. We provide a broad range of services, including derailment response and railroad services, engineering, traction motor / wheel changes, and transfers/load adjustments.

We maintain fully staffed and equipped divisions around the United States, Canada and Mexico, ready to respond to your needs. Our crews are on-call 24/7/365 through our centralized customer service center, and can be deployed within 60 minutes of your call - any time, day or night.

**When you need a contractor with expertise you can depend on, call Hulcher.**

### **Derailment Response**

**With the most experienced derailment crews in North America, Hulcher is the leader in emergency response for railroads and general industry:**

- Railcar / locomotive rerailing at the rail yard or on the right-of-way
- Track clearing and disposal of debris and wreckage
- Grade preparation and track panel installation
- Product reclamation
- Disaster response

### **Mechanical / Railroad Services**

**Hulcher railroad expertise can assist you with a broad selection of mechanical support services:**

- Wheel, idler and traction motor changes
- Tie-down of commodities like pipe, steel, paper and wood as well as equipment and vehicles
- Power washing of railcars, locomotives, grain bins/silos and industrial facilities
- Hi-rail vacuum truck services

## Engineering Support

When your infrastructure project needs an experienced contractor, Hulcher offers a variety of services to include:

- Installation of switches, diamonds, retarders and crossings
- Positive Train Control (PTC) signals demolition and installation support
- Excavation / drainage / ditch / erosion control
- Driftwood removal
- Asphalt / road work

## Engineering Track Services

Hulcher helps to keep your trains running smoothly with:

- Off-track undercutting
- Backhoe / dump truck combo services
- Air excavation with the Air Spade® and hi-rail vacuum truck
- Grade stabilization and vibratory hammer pile driving
- Switch winterizing
- Maintenance-of-way services

## Transfer Services

Railroads and industry rely on Hulcher for transfers, load adjusts and clean-up:

- Post-derailment transfers
- Cargo recovery
- Vacuum truck services
- Intermodal transfers
- Silo, tank and pit cleaning
- Load adjusts / reductions
- Tie-down services
