

CONSTRUCTION / CHORE WORK

Hulcher Services offers a full range of construction, maintenance and chore work services. Just a few examples of these kind of tasks include:

- Set up a modular building
- Road and parking lot construction
- Replace steel siding on a car shop
- Hang chicken wire
- Build a chain link fence and sound barrier wall
- Repair hand rail on rail car
- Trash pickup
- Put down straw wattle for erosion control
- Water roads and project areas for dust control
- Clean up a rock and dirt pile following excavation
- Street sweep roads in rail yards

Maintenance services may require the use of heavy equipment and Hulcher maintains a nationwide fleet of excavators, dozers, dump trucks, track and wheel loaders and more to meet these needs.

Hulcher's crews have been background checked, trained and certified to work for all Class I railroads so they are safe and qualified to perform construction, maintenance and chore work at rail yards and along the right-of-way. Hulcher brings the railroad experience and qualifications to construction, maintenance and chore work projects that no other contractor can match.

Call Hulcher today at 800-637-5471 to learn more about our construction, maintenance and chore work services.

* Analysis, containment, treatment, transport, and disposal of material are each conducted in full compliance with relevant federal and applicable state laws/regulations (licensing, permitting, procedural and operational protocol) which sometimes requires the participation of fellow contractors engaged by the customer and/or Hulcher subcontractors.
